

Trade Contractor Award

2011

GUIDELINE

Trade contractors are all too often the unsung heroes on extraordinary projects. TCA's Trade Contractor Award is presented annually to a contractor who distinguishes themselves in terms of their contribution on a successful 2011 project. All disciplines are eligible (GC's of course are not). Guideline criteria include:

- Overcome challenges related to budget, schedule and/or quality control
- Demonstrate leadership in terms of innovation, environmental considerations and safety protocols
- Teamwork is paramount; successful recipient regards the sub-contractor role as a "partnership"
- Degree of difficulty is very relevant (technical, environmental, historic preservation, etc.)

NOMINATION FORM
