

INDUSTRY PRACTICES COMMITTEE

MISSION STATEMENT:

To assess the impact of evolving industry practices, including contract, surety and procurement standards, to develop best practices protocol and communicate same to TCA members and industry practitioners. To monitor changing industry practices, report the probable consequences to our peers and use our collective best efforts to mitigate risk. To examine industry practices in particular recent changes to the procurement standards, assess the consequences and propose follow-up action plans that are in the industry's collective best interest.
