

MEMBERSHIP RECRUITMENT & RETENTION COMMITTEE

2006 was a year of changes and new faces for the TCA, and changes during the new members drive as well.

Canada's largest Construction Association now stands at 2,243 members!

The most exciting thing about achieving this record is how we got here. We have a first time Top Gun winner in Dan Bozelli from Vanbots, and many of the top contenders this year were first time volunteers like Donna Walczyk and Joyce Usher-Mesiano of National Brokers Insurance Services Inc.

I want to thank John, Kim and Poly for their efforts all year and for their attentions towards the Membership and Retention Committee. The services and programs available to all TCA Members and our message "Members Supporting Members" brings tremendous value to all of our members.

Our next milestone of 2500 members will be reached in 2007. This will be through New Memberships and Higher Retentions.

Bob Hopkins
Chairman
Membership and Retention
