

# Innovation Award 2020

## GUIDELINE

TCA's Innovation Award is awarded annually to a member company whose extraordinary achievement during the year is genuinely precedent setting in terms of innovation. What sets the winner apart is their willingness to think outside the box and devise new and improved ways to tackle seemingly insurmountable challenges. Guideline criteria include:

- Breaking with tradition and devising clever "new" approaches to improve performance
- Ability to create "cost effective" solutions
- Sensitivity to schedule, quality and environmental constraints
- Ethical conduct and professionalism are always mandatory
- Solutions that remain sensitive to safety protocols are also critical
